

## **Stephanie McIntyre Ivie**

I am a Freedom-loving American and a 4th generation Centerville citizen. As a current member of the City Council, I have worked hard to understand and appropriately handle the complex issues that affect our lives, such as zoning, density, transit, and our hillside.

What I stand for:

I believe government has a responsibility to provide citizens with clean water, good roads, and exemplary police protection. I have invested nearly 100 hours riding with our police officers, firefighters, and snowplow drivers to understand the challenges they face as they serve our city.

I continue to be passionate about preserving our hillside, maintaining our hometown feel through low residential densities, keeping taxes low, and allowing local businesses to thrive.

I have always opposed Light Rail and Bus Rapid Transit on our Main Street. These intensive transit options belong in our transportation corridor, not going through our residential areas, and particularly not through the crosswalks of all 5 of our school zones!

I know the issues Centerville faces, I do my homework, and I look forward to continuing to serve you on the City Council.
